Got a voicemail from Dennis. He (and Will?) had a call with Whitman and Pedersen. This is an abbreviated download based on the voicemail as I have not had a chance to talk to Dennis and likely will not get chance the remainder of this week.

# Ex. 5 - Deliberative

On the Gaps document, Whitman told Dennis that they did have an issue with some of the language changes we made to the latest one, particularly with respect to language that spoke to meeting water quality standards. There's going to be another call on that.

More later.
